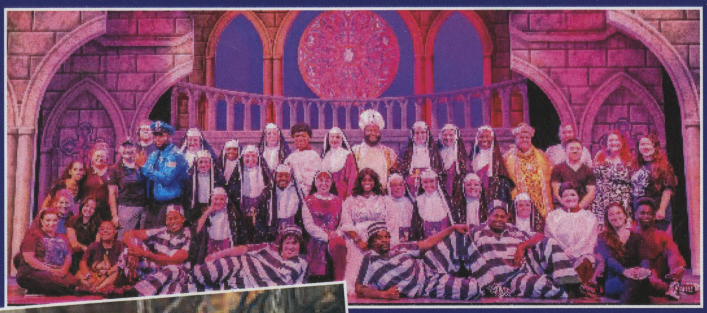
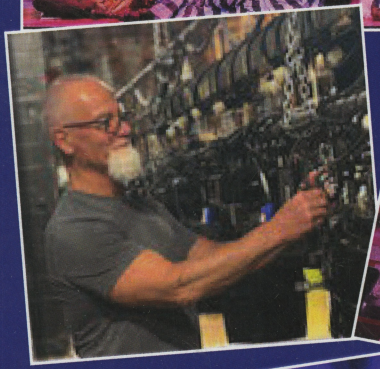
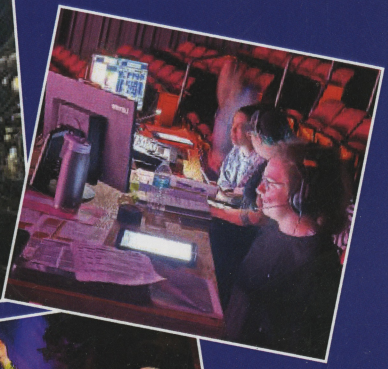
Volunteer:

Make the Most of Your Time







THEATRE MEMPHIS

Always Entertaining

Theatre Memphis is one of the largest and oldest community theatres in the United States. We provide a variety of volunteer and intern opportunities in theatre production connected to our creative and admistrative departments that serve up to 12 shows each season between two stages and a variety of special events.

While experience is always welcome, it is not always necessary. With instruction guided by our theatre professionals, we pride ourselves on working with and teaching community members of all skill levels.

We offer something for everyone to best use their talents on and off stage in a safe and nurturing environment. Check out the opportunities where you can make the most of your time. If you have any questions or need further information, contact psm@theatrememphis.org.
